

Planning a Trip Across America

Use an atlas or your textbook to plan a cross country trip through America. In your trip, you must travel at least 1000 miles. Your trip will start in Altoona PA and end ... wherever you want to go! (As long as it is at least 1000 miles away). Please answer the following questions about your trip.

How far (approximately) of a distance did you travel?

How many states did you travel through? Name them.

Name at least 5 places visited along your trip, (2 of them cannot be a city). Ex. Saying "I went to the Horseshoe Curve" instead of saying "I went to Altoona PA".
