

Name: _____ Pd. _____

Religion Brochure

There are many reasons in the world that people join a religion and there are many different ways to hear about religions all over the world. Some people hear about religions through missionaries, some people hear about them through friends, others through radio and television ads, etc.

Your Task: Create a brochure that advertises the world's three major religions. For each of the world's three most popular religions, describe the basic beliefs, 5 interesting facts, (number them), write a brief statement explaining why the religion is important, and include some type of picture. Remember, brochures are used to attract people to something.

Directions: Fold a piece of paper into thirds. Dedicate one page to each religion on the inside of the brochure, (three religions, three pages). On the outside of the brochure, include the major symbol for each religion on one page, a "catchy" cover that would attract "searching souls", and a page with your name on it.

10 points content + 5 points creativity/ neatness = 15 points
