

## The Great War – WWI

In 1914, the leader of \_\_\_\_\_ (Arch Duke Franz Ferdinand) was assassinated.

This was the event that started "\_\_\_\_\_."

What do we call "The Great War" today?

How did a war between two countries turn into a *WORLD* war?

Initially the United States was NOT in the war. What **two** reasons did the United States become involved in the war?

1.

2.

The United States joined which side in the war?

The Great War (WWI) was unlike ANY war before it. In what ways was The Great War different?

Another "new" method of fighting for the war - \_\_\_\_\_.

Trench Warfare - both sides dug trenches, lived and fought out of them for MONTHS at a time.  
Do you think this was successful?

The Great War (WWI) ended with the Treaty of \_\_\_\_\_.

This put all of the blame on \_\_\_\_\_.
