

**THIS  
JUST  
IN...**

**The World is Shrinking!**

How many different countries exist in our world?

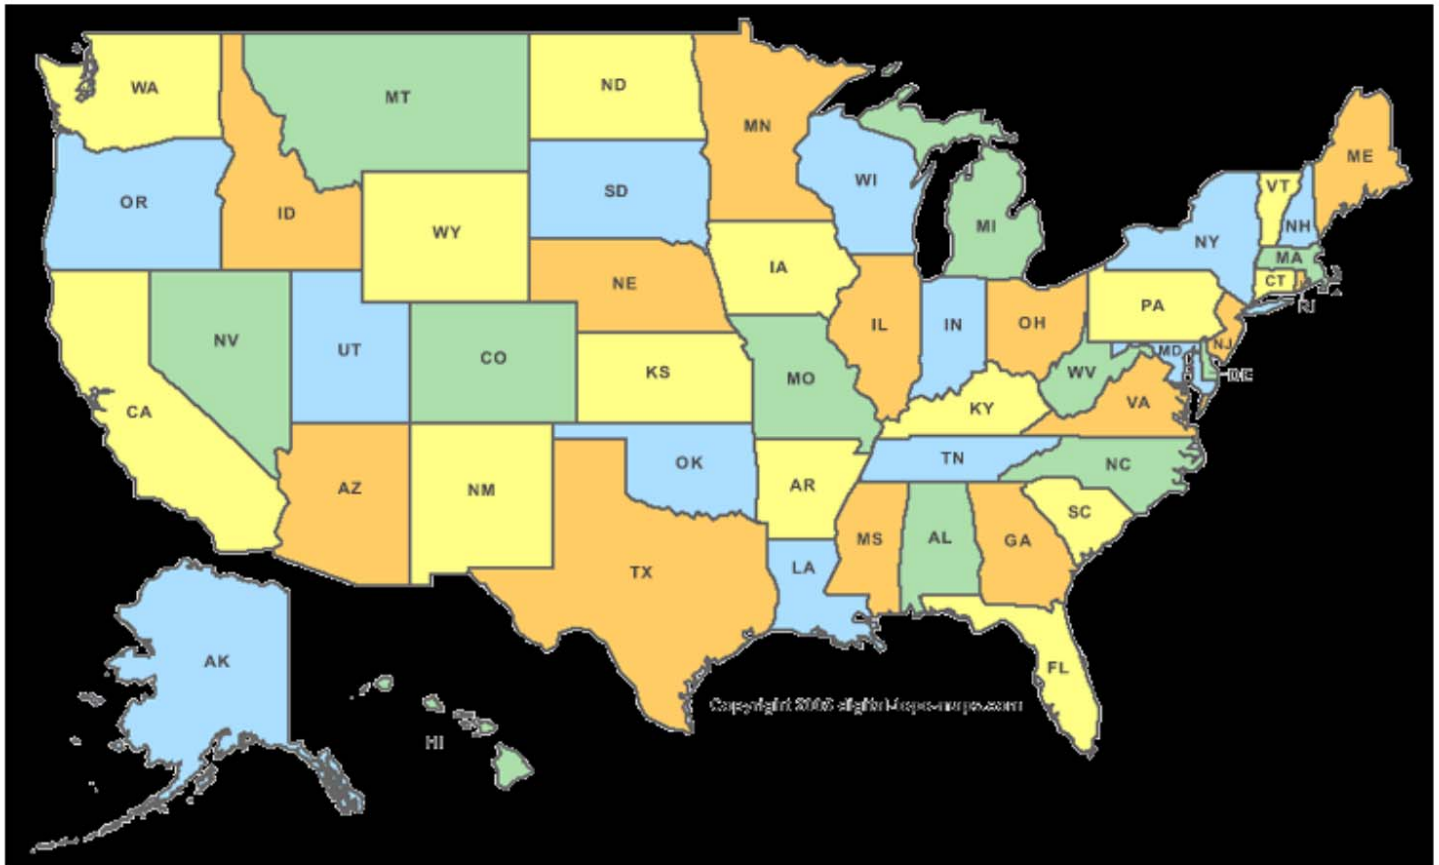

Throughout these countries, we see all types of different people.

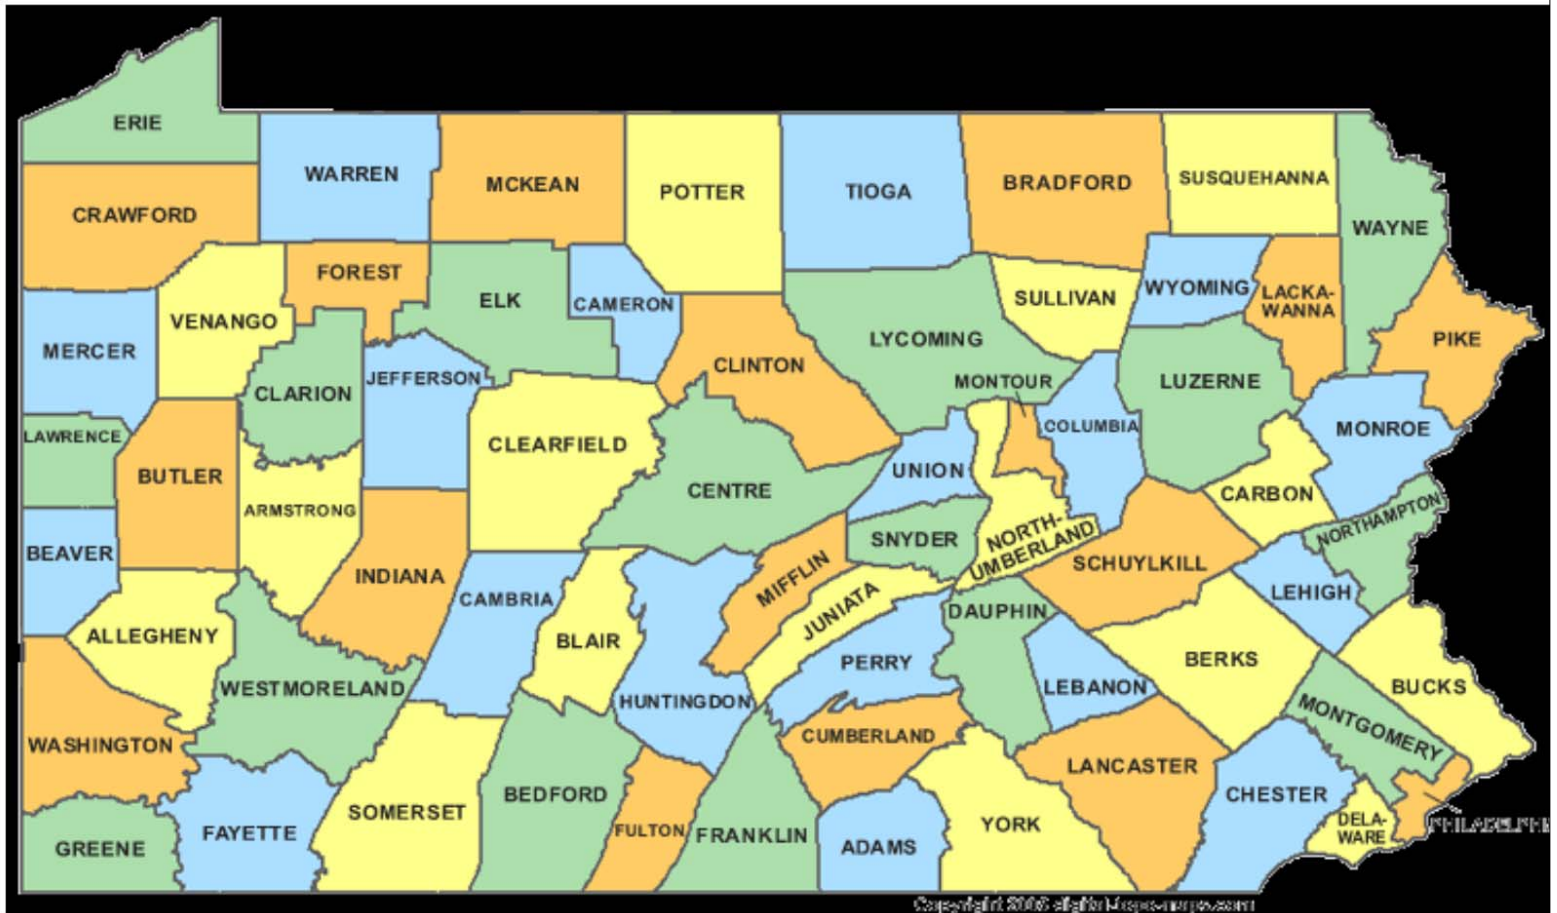

How are people different from us in other parts of the world?

## How are our people different in the United States?

How are people different in Pennsylvania?

What has caused our world to "shrink"?

Communication

Textbooks Pg. 73

"Reading Check"

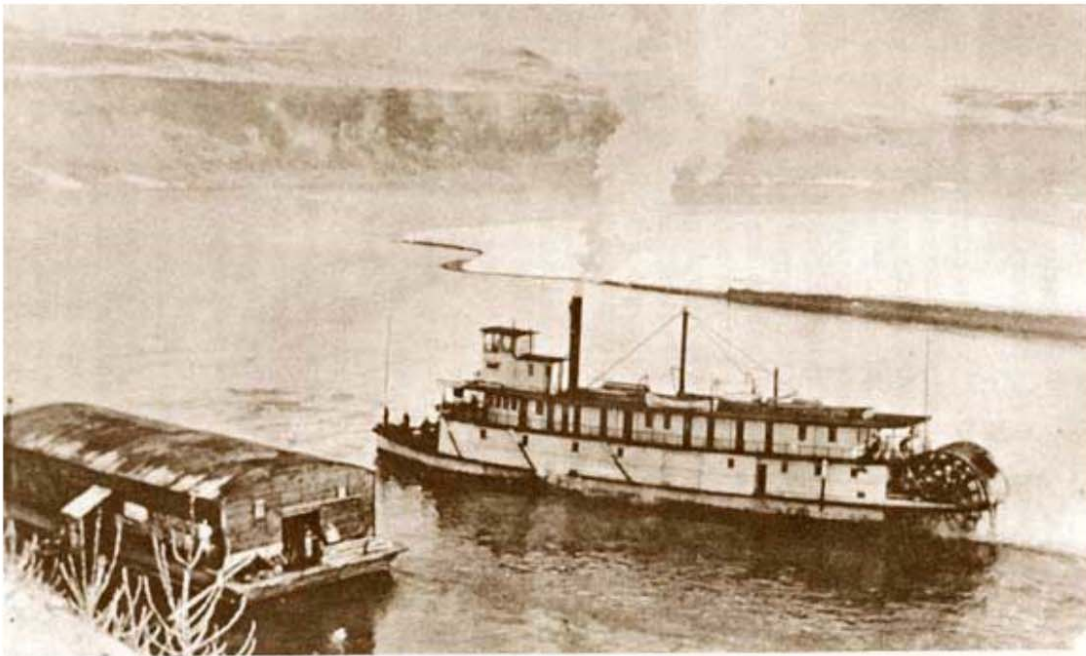

1. Read the Question

2. Look for answer while reading

Transportation...

Then and now

Brewster, head of navigation on the Columbia River. Steamboat leaving wharf is bound for Bridgeport. Except for being smaller, the *City of Ellensburg* was a duplicate of this river steamer.

Communication

Then and now...

Replacing a bad tube meant checking among ENIAC's 19,000 possibilities.

This is a picture of what now makes the internet possible...

What is it?

Communication

Then and now...

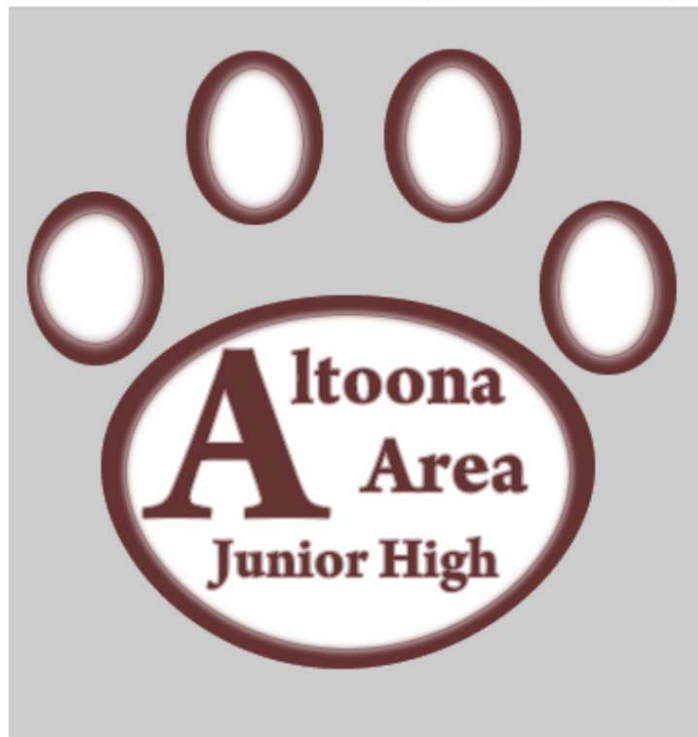

What makes all of our digital technology work today?

## Brief Activity

Mr. Cerully is going to put you into groups of 2 or 3 students

Remember your number when I give your group one

## One

You are American leaders living in the 18th century (1700's).

You will have to go to war with France if France does not remove it's ships from American territory.

You do **NOT** want to go to war.

## Two

You are American leaders living in the present day. You will have to go to war with Russia if Russia does not stop flying it's military airplanes over neutral territory.

You do **NOT** want to go to war.

1. How would you communicate in order to stop the war?
2. How much time would this take?
3. How would a message be carried?
4. Who would be the people communicating?

Result of a "shrinking" world...

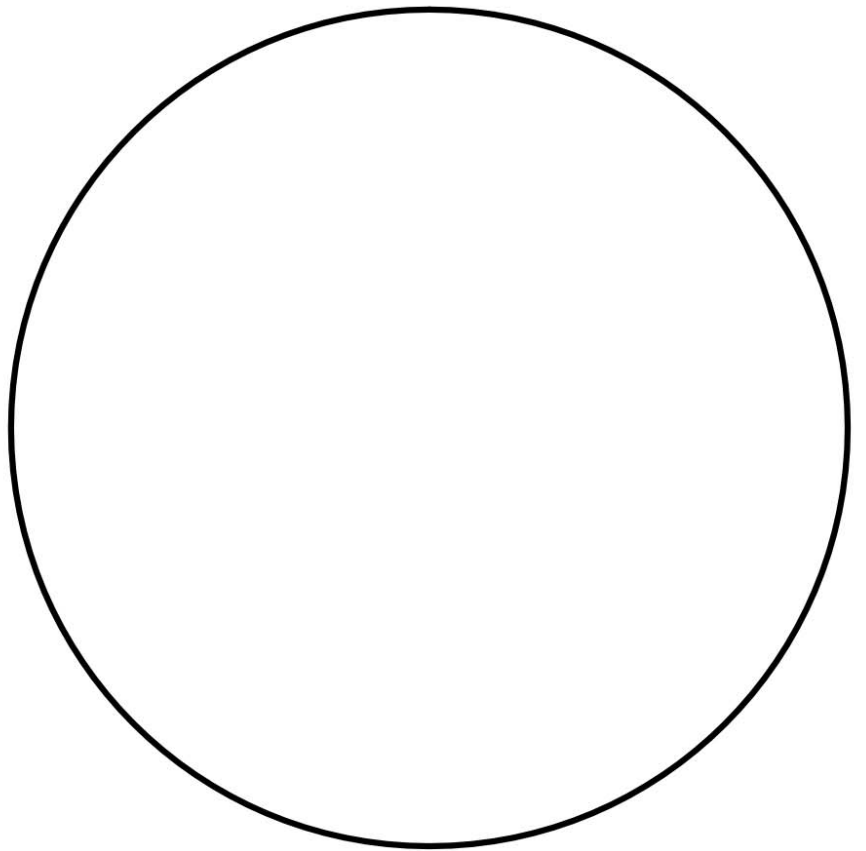

## Different Ethnic Groups!

**Ethnic Group** - Group of people who have a common origin and share a language and a history.
